

Call for Projects: Geneva Pride 2021

*Be part of Geneva Pride
2021's artistic and cultural
programme!*

**DEADLINE EXTENDED
UNTIL 04/30/2021**

This year's Geneva Pride will take place from Sept. 8 to Sept. 12, 2021. Provided that the sanitary measures allow it, we will also organize a series of events in June 2021.

During these difficult times, we are convinced that it is crucial to maintain our social ties and to rebuild our networks. It is urgent to make our struggles visible again and to continue to educate our communities and allies. Our ambition is that the next edition of Geneva Pride will be a space for positive and creative exchange. So... surprise us! With the theme : « **FIER.E.X.S !** », Geneva Pride 2021 is putting inclusivity and diversity at the heart of its programme. Special attention will be given to local projects presented in alternative formats. Infiltrating public spaces is a priority and we encourage you to imagine projects that take place in unusual places in Geneva, as well as in French-speaking Switzerland. We hope to see multiple and varied artistic genres : exhibitions and installations, frescoes, live performances, music acts and concerts, round tables, workshops, projections, mapping, and anything else you can imagine!

Individuals, groups and / or associations, send us your projects before **April 30, 2021**. You will find all the information and the registration form on our website:
